

What to Expect

Breath of Innovation · Tuesday, July 8, 2026 · Norco, California

A quick heads-up from The Flavor Factory before your visit. We want you to know what the day looks like and what we plan to talk about — so you can come ready with questions.

This is a **working session**, not a sales presentation. We'll show you how we operate, answer direct questions, and taste a set of workshop prototypes together for honest directional feedback.

YOUR DAY

Suggested schedule

Suggested time	What we'll do
9:00 AM	Arrive · conference room across from The Flavor Factory
9:00–10:00	Presentation — open discussion on the topics below
10:00–10:15	Facility walkthrough — production and quality areas
10:15–10:30	Break
10:30–11:15	Tasting — ten workshop prototypes; your honest feedback
11:30–1:00	Lunch off site — your hosts take the group
1:00 PM+	Open Q&A; — your questions, your pace

All times are suggested — we'll adjust in the room to match your team's pace.

WHAT WE PLAN TO DISCUSS

Four areas your team asked about

Resiliency

Can we keep pace as your volumes grow? Capacity, backup plans, and quality certifications.

Innovation

Flavor work inside your products — including oral-care chemistry and new directions worth exploring.

Operations

How we develop, produce, and release flavors from one Norco facility — with clear documentation.

Partnership

How we communicate, invest, and plan with you over the long term.

We can also cover:

- Lakewood site parity — keeping taste consistent as production expands
- Workshop tasting — ten coded prototypes; directional feedback only, not a launch decision
- Anything else on your list — procurement, growth, or technical topics

BEFORE JULY 8

Questions welcome

If anything comes up before the visit, reach out to The Flavor Factory team. We're happy to help with logistics or topics you'd like us to prioritize.
