

Formulation Guidelines

Formulation Philosophy

- 1 Each TheraBreath product should be formulated to solve for a particular, unique, and individual problem. This is the core purpose of the product. We should avoid solution overlap and 'catch all' products.
- 2 Each TheraBreath product should be formulated from ingredients completely necessary to the core purpose of the product. Colorants, perfumes, preservatives and flavorings should be kept to a minimum.
- 3 TheraBreath products should be formulated with as few ingredients as possible to accomplish the core purpose of the product.

Ingredient Restrictions

1. Ingredients should be Kosher and Gluten Free, whenever possible.
2. Ingredients should be appropriate for pregnant or nursing mothers.
3. Ingredients should be appropriate for diabetics.
4. We prefer natural, whenever possible.
5. We prefer organic and non GMO, whenever possible.
6. No foaming agents, SLS, detergents, or alcohol.
7. No artificial flavors, colors, or dyes.
8. Finished product must have a pH no less than 7.0

March 1st, 2025 (the "**Effective Date**")

The Flavor Factory, Inc. (the "**Supplier**")

2058 2nd St

Norco, CA 92860

Attn: Dan Wixted

Re: Guidelines for Production

Dear Dan:

This letter agreement will confirm our understanding regarding the manufacture and supply of the products listed on Appendix 1 attached hereto ("**Products**") to Church & Dwight Co., Inc. and/or its subsidiaries ("**Church & Dwight**") by the Supplier.

1. **Purchase Orders.** From time to time, Church & Dwight or its authorized purchaser will issue and deliver to Supplier a purchase order (a "**Purchase Order**") specifying the quantities of, and requested delivery dates for, the Products. Upon receipt of a Purchase Order, Supplier will deliver from its 2058 2nd St Norco, CA 92860 facility the Products meeting Church & Dwight's specifications attached hereto as Exhibit A (the "**Specifications**") in the amounts and on the dates requested in such Purchase Order. Supplier will be required to accept any Purchase Order that does not contain an order for a quantity in excess of +/- 5% of the quantity specified in the most recent Forecast (or in any subsequent revised Forecasts accepted by Supplier); provided, however, that Supplier will use its best efforts to fulfill Purchase Orders in excess of quantities forecasted and will at all times give first priority to Church & Dwight's orders in the utilization of any and all equipment, labor and materials in order to fill Church & Dwight's Purchase Orders on a timely basis.
2. **Price.** The price for the Products are set forth on Appendix 1 attached hereto, and all pricing is Incoterms 2010 DDP. The Price will remain firm during the term of this letter agreement.
3. **Delivery.** The Products will be delivered to the Church & Dwight locations listed on Appendix 1.
4. **Payment.** The parties agree that the payment terms for the Products will be Net 120 Days from Church & Dwight's receipt of Supplier's invoice.
5. **Forecast.** Church & Dwight will provide Supplier with a 12-week production forecast of Church & Dwight's projected Product demand for such 12-week period, or such other duration as mutually

**TOGETHER WE HAVE
THE POWER TO WIN**

Princeton South Corporate Center
500 Charles Ewing Boulevard
Ewing Twp., NJ 08628

agreed upon (each, a "**Forecast**"). The Forecast(s) are for planning purposes only and will not be construed as a firm commitment to Supplier.

6. **Lead Time; Delivery.** Supplier agrees that Church & Dwight will receive the Products within the lead times set forth on Appendix 1, with such calculation commencing with Supplier's receipt of such Purchase Order. If Products are requested for shipment in less time, Supplier will use its best efforts to achieve the requested shipment or pick up date. Provided the delivery date in the Purchase Order falls within the lead times set forth on Appendix 1, Supplier agrees to deliver ninety-nine percent (99%) of all ordered Products by the delivery date set forth in the relevant Purchase Order(s), with such Products meeting Specifications at the time of such delivery.
7. **Term.** This letter agreement shall expire on February 29th, 2028, unless sooner terminated with agreement by both parties.
8. **No Minimum Purchase Requirements.** The Customer has no minimum purchase obligation pursuant to this letter agreement and will not be liable to the Supplier if the Customer's purchases of the Products are less than any Forecast. Additionally, nothing in this letter agreement requires Church & Dwight to purchase Products exclusively from Supplier.
9. **Recall.** In the event that: (a) a Governmental or Regulatory Authority issues a directive or order that any Product(s) manufactured or supplied by the Supplier hereunder be recalled; or (b) a court of competent jurisdiction orders such a recall; or (c) Church & Dwight or the Supplier reasonably determines that any such Product(s) should be recalled, the parties will take all appropriate corrective actions to protect the public's health and preserve the Product(s)'s good will and reputation. If a recall is due to (a) or (b), the party primarily responsible for the cause of the recall will assume responsibility for Expenses of Recall and will reimburse the other party for any costs and expenses incurred by such party. If a recall is due to (c), the party calling for the recall will initially bear the expenses of the recall until primary responsibility for the cause of the recall is determined, at which time the party primarily responsible for the cause of the recall will assume responsibility for all such costs and expenses and will reimburse the other party for all costs and expenses incurred by such party. If the recall is due to the Supplier's non-conformance with this letter agreement or if such recall is otherwise due to the actions or negligence of the Supplier, the Supplier will be considered the party primarily responsible in which case the Supplier will be responsible for all Expenses of Recall and will indemnify Church & Dwight. Notwithstanding anything to the contrary in this letter agreement, in no event will the Supplier initiate, and only Church & Dwight may initiate, a recall of Product(s). "**Expenses of Recall**" means the expenses of notification of Church & Dwight's customers, including, but not limited to, distributors and retail customers of Church & Dwight and customers of those distributors and retailers, any taxes/duties

**TOGETHER WE HAVE
THE POWER TO WIN**

Princeton South Corporate Center
500 Charles Ewing Boulevard
Ewing Twp., NJ 08628

that are not recoverable, the expenses of return and/or destruction of the recalled Product(s), any necessary Product(s) rework expense, any penalties assessed by retailers (including lost sales penalties), any legal fees, expenses and costs incurred and other reasonable expenses incurred as a result of recall pursuant to Section 9 or 10.

10. **Consumer Complaints.** Product(s) complaint files, as required by applicable law, will be maintained by Church & Dwight. Any Product(s) complaints received by the Supplier will be forwarded promptly to Church & Dwight. Church & Dwight will make these complaint files available to the Supplier in the event they are required during an inspection by any Governmental or Regulatory Authority. Church & Dwight will be responsible for the review of complaints to determine the need for an investigation, or the need to report to any applicable Governmental or Regulatory Authority as required by applicable law. Church & Dwight will notify the Supplier promptly upon Church & Dwight having received a manufacturing-related complaint which requires investigation. At Church & Dwight's request, the Supplier will promptly conduct an investigation for each manufacturing-related complaint and will report findings and follow-up of each investigation to Church & Dwight. The Supplier will cooperate with Church & Dwight in the resolution of all complaints of consumers with regard to the Product(s). In the event of a confirmed complaint relating to safety issues with regard to use of any Product(s) by consumers, Church & Dwight will determine whether such information must be reported to the applicable Governmental or Regulatory Authority and will take responsibility for making such a report. "**Governmental or Regulatory Authority**" means any international, national, federal or local government, governmental instrumentality or governmental or other regulatory or administrative authority, agency, certifying body, department, board or court, or tribunal, and any relevant counterpart or corollary thereof or thereto.
11. **Insurance.** The Supplier shall procure and maintain, during the term of this letter agreement and for a period of 3 years thereafter (or for 1 year beyond the expiration date of any Product(s) manufactured for Church & Dwight by the Supplier pursuant to this letter, whichever later) the insurance set forth on Appendix 2.
12. **Agreement.** This letter agreement, the Purchase Order(s) and Church & Dwight's Purchasing Terms & Conditions incorporated into such Purchase Order(s) constitute the sole and entire agreement of the parties with respect to the purchase and sale of the Products, and supersedes all prior or contemporaneous understandings, agreements, negotiations, representations and warranties, and communications, both written and oral, with respect to the subject matter hereof. In the event of any conflict or ambiguity between this letter agreement and any Purchase Order, this letter agreement will control. This letter agreement will become effective as of the Effective Date.

**TOGETHER WE HAVE
THE POWER TO WIN**

Princeton South Corporate Center
500 Charles Ewing Boulevard
Ewing Twp., NJ 08628

13. **Authorized Purchasers.** The Supplier agrees to supply Products to any entities identified on Appendix 1 to this Agreement or otherwise identified by the Customer from time to time (collectively, the "**Authorized Purchasers**") on the same terms and conditions as those available to Church & Dwight under this Agreement. Church & Dwight and each Authorized Purchaser shall be severally liable to the Supplier, and any particular entity shall only be bound hereunder only with respect to that portion of the Products purchased by such entity; provided, however, that for purposes of any minimum volume requirements hereunder, if any, purchases by an Authorized Purchaser will be considered for purposes of this Agreement to have been made by Church & Dwight. In the event that the Supplier supplies Products to an Authorized Purchaser in breach of this Agreement, Church & Dwight shall have the right to pursue any and all remedies against the Supplier as if Church & Dwight had directly received the Products. Authorization of an Authorized Purchaser to purchase Products under the terms of this Agreement may be revoked by Church & Dwight at any time by written notice to the Supplier.

Please acknowledge your receipt and acceptance of the foregoing by countersigning this letter agreement and returning it to Stephen Fischer at the address indicated above.

Sincerely,

Stephen V. Fischer
VP Procurement
Church & Dwight Co., Inc.

ACCEPTED AND AGREED as of the Effective Date.

APPENDIX 2 Insurance

The Supplier will procure and maintain, during the term of this letter agreement and for a period of 3 years thereafter (or for 1 year beyond the expiration date of any Product(s) manufactured for Church & Dwight by the Supplier pursuant to this letter agreement, whichever later): (i) comprehensive general liability insurance, including, without limitation, blanket contractual liability, damage or loss resulting from fires, business interruption coverage and personal injury liability coverage in an amount not less than \$2,000,000.00 per occurrence and \$4,000,000.00 in the aggregate, (ii) umbrella or excess liability coverage in an amount not less than \$5,000,000.00 per occurrence and in the aggregate, (iii) cyber risk/privacy coverage in an amount not less than \$5,000,000.00 per occurrence and in the aggregate, and (iv) product recall coverage in an amount not less than \$2,000,000.00 per claim (collectively, the **"Insurance"**). The Insurance will be written on an occurrence policy form with an insurance company with a current Best rating A, or better.

The Supplier will cause its insurance policies to be endorsed to include Church & Dwight, its officers, directors, employees and agents as additional insureds thereunder. Such endorsement will stipulate that the required coverage will not be reduced or canceled without 30 days' prior written notice to Church & Dwight. Such endorsements will also stipulate that such coverage is the primary coverage and any other insurance in force for any of the additional insureds will act as excess coverage only and will not be required to contribute in the payment of any claim made hereunder to the extent covered by the limits of liability afforded by the Supplier's insurance hereunder.

The Supplier will deliver a certificate of insurance to Church & Dwight evidencing such coverage within 30 days of the Effective Date and annually thereafter. If the Supplier fails to comply with any insurance requirement, Church & Dwight at its election may terminate this letter agreement without further notice. In the event Church & Dwight at any time believes the Supplier's existing insurance coverage does not provide adequate protection, Church & Dwight may, in its sole but reasonable discretion, (i) require the Supplier to increase the amount of coverage required hereunder to a level deemed adequate by Church & Dwight, or (ii) take out such alternative insurance as it deems reasonably necessary and Church & Dwight will be entitled to recover all reasonable costs and expenses it incurs in doing so. Any deductible and/or self-insured retention, as applicable, are the sole responsibility of the Supplier. The Supplier will ensure that any subcontractors also maintain adequate insurance having regard to the obligations under this letter agreement which they are contracted to fulfil.
